

About me

I like long walks on the beach, hot bubble baths, cute kittens, and Champaign and roses strewn about.

Kidding.

I'm really energetic and outgoing. I can usually be found hiking and exploring new cities and having adventures with friends. Reading is one of my favorite pastimes and I love getting lost in books. I'm a very outdoorsy person and I'd sooner walk than take the subway. I love to learn about new things, I miss my dog like crazy, and I love to find a new adventure whenever I can.

Doing

Right now I'm teaching English while discovering myself and seeing as much of Asia as possible. I really want to submerge myself in Korean culture as much as possible.

Good at

Brightening up people's days. I've been told I'm larger than life and always really positive and happy. I've been likened to a Disney character.

First thing

My smile. I get more compliments on that than anything else.

Books, etc.

I'm a voracious reader. I'll read any and everything get hands on prefer books to TV even though I love TV too. Some favorites are Game of Thrones, Posionwood Bible, anything by Wally Lamb or Jeffrey Eugenides. I'm very into nonfiction and international conflicts is a big interest.

I LOVE movies. I have a huge movie collection filled with comedy, independent, foreign, independent, documentaries...everything. LOL I'm not a fan of horror movies but I like gore. I don't like horror movies because I don't like scary movies, but I like hilarious over the top gore.

I really love thought provoking TV shows that aren't mindless diatribes about how horrible society has become. I arbore reality TV. A quick list of favorites includes: True Detective, Boardwalk Empire, Madmen, Walking Dead, Weeds, Robot Chicken, Archer, and Newsroom.

I really like going to concerts and I love live shows. I LOVE 90s grunge music and oldies like Neil Young, John Denver, the Beatles, KD Lang. I have a very eclectic music taste and like City and Color, Mumford and Sons, Edward Sharp, Serena Ryder, and Lorde.

I have never met a food I didn't like. Love all ethnicities always down to try new things, I LOVE cooking and am pretty talented (so I'm told). I want to eat ALL THE FOOD. Also, I could not live without meat. I would die if I became a vegetarian. Okay, maybe not die, but I'd be extremely unhappy.
